# 2024 READY 2 EARN NEWSLETTER

## INSIDE THIS ISSUE

- **Automotive (Performance Automotive)**
- **Construction Trades (Unlimited Contracting Solutions)**
- **Electrical (IEC)**
- **Information Technology (TechCorps)**
- **STNA / Phlebotomy (VIP Medical Academy)**

### **Automotive**

Youth focused on changing the breaks and rotors of their peers cars. Those that wanted or needed more experience with tire mounting and dismounting had extra time to work with the tire machine. They also split up the rotor work, and took turns changing them.

### **Construction**

Youth worked heavily on their Ohio Means Jobs readiness seal. They also had the opportunity to be hands-on, creating forms, which are encased pieces of wood that hold the shape for poured concrete while it cures. They used the tools necessary, whether physical or mental, to troubleshoot and build them the correct way.

### **Information Technology**

Our youth have been working really hard to pass their CompTIA. They were given a second opportunity at the exam on Thursday and Friday, with a total of five young men having passed! They spent time arranging all of their components for the computer they had been working on for the past six weeks.

### **STNA / Phlebotomy**

This week, the STNA class has excelled at clinicals! They have also taken a CPR class through VIP medical. This week, the phlebotomy class ended with performing live blood draws on Mr. Anthony, the CEO of Lead The Way.

# AUTOMOTIVE

JULY 29 - AUGUST 2, 2024

## WEEK IN REVIEW

This was the final week of the Automotive cohort. The students had their final Kahoot showdown against the Performance Automotive class. The first show down, Lead The Way won and got their prize of Buckeye doughnuts. For the second round Performance Automotive won and gained free pizza. Overall the groups had fun competing. The Lead The Way youth had an opportunity to speak to higher management and express what they enjoyed about the program and give them suggestions for future program classes.

## LEADER OF THE WEEK

### Zayin Flynn

Zayin will be a senior this coming Fall and has an interest in the Automotive field, and is looking into becoming a technician. He is very hands-on during shop hours and does really well during our Kahoot battles. In his free time, he enjoys playing video games and watching movies.

This week, youth focused on changing the breaks and rotors of their peers cars. Those that wanted or needed more experience with tire mounting and dismounting had extra time to work with the tire machine. They also split up the rotor work, and took turns changing them.

## WEEK AHEAD

The cohort finished and there will be no more classes or work moving forward. Don't forget to apply to the jobs that Dave and Alvin spoke about in class. Have an updated resume, and remember to use Dave and Alvin as a reference!

*Thank you!*

# CONSTRUCTION

JULY 29 - AUGUST 2, 2024

## WEEK IN REVIEW

This week, youth worked heavily on their Ohio Means Jobs readiness seal, explaining the skills and qualities they exhibited while in the Construction Ready 2 Earn training. They expressed their knowledge and aptitude for understanding construction mathematics, reading plans and general knowledge of tools and craftsmanship. They also had the opportunity to be hands-on. They created forms, which are encased pieces of wood that hold the shape for poured concrete while it cures. They used the tools necessary, whether physical or mental, to troubleshoot and build them the correct way.

## LEADER OF THE WEEK

### Kalell Campbell

Kalell is a student at Eastmoor Academy High School and he will be entering his senior year. He originally wanted to go into veterinary school, but has since thought about expanding his horizons. He now wants to have a career in construction, where he is currently thriving and learning more about the field. He has even been offered a position when he graduates high school!

Youth creating forms, cutting wood and leveling the materials with a laser level and surveying equipment to prep for next week where they will be pouring multiple cement squares and learning how to use a skid steer.

## REMINDERS

- Steel toe Boots
- No phones
- Pack a lunch

# INFORMATION TECHNOLOGY

JULY 29 - AUGUST 2, 2024

## WEEK IN REVIEW

This week has been very busy and exciting. Our IT young men have been working really hard to pass their CompTIA. They were given a second opportunity at the exam on Thursday and Friday, with a total of five young men having passed! They spent time arranging all of their components for the computer they have been working on for the past six weeks. They've worked really hard and we've seen incredible growth in each one of them. Friday is the last day of the program, and each participant should be incredibly proud!

### LEADER OF THE WEEK

#### Karanveer Dhanoa

Karanveer will be entering his senior year. He was very excited to have this opportunity! Karanveer passed the exam with the highest score. He accomplished this even when he was out sick.

The young men that passed the test were able to pack their computer up and take it home.

We hope each student takes what they learned from this opportunity and flourishes!

*Thank you!*

# STNA / PHLEBOTOMY

JULY 22 - 26, 2024

## WEEK IN REVIEW

This week, the STNA class has excelled at clinicals! They have also taken a CPR class through VIP Medical.

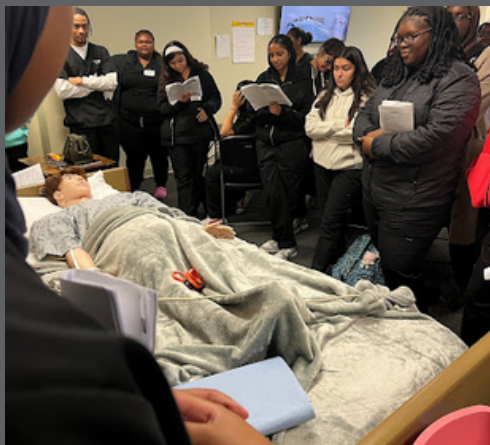

This week, the Phlebotomy class ended with performing live blood draws on Mr. Anthony, the CEO of Lead The Way.

## LEADER OF THE WEEK

### Adrianna Pasquale

Adrianna was selected as the Leader of the Week! She stood out amongst her peers for her ability to lead. Adrianna plans to enlist as an Army medic in the National Guard.

## WEEK AHEAD

STNA students will be heading to take the state test. The 3rd cohort of STNA will begin soon!

## REMINDERS
